KEY PRODUCTS

Tank Wash

- Spray balls
- Static nozzles
- Rotary spray balls
- Rotary jets
- Fast-cycle rotary jets
- PTFE tank cleaners
- Clog resistant tank cleaners
- ATEX certification
- Pop-out tank cleaner

Hydraulic Nozzles

- Flat fan
- Hollow cone
- Full cone
- Misting
- Solid stream
- Quick release
- Air actuated

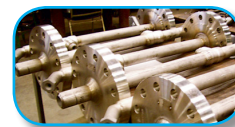

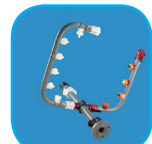

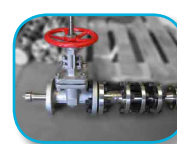

Air Atomising Nozzles

- Siphon fed
- External mix
- Internal mix
- High flow rate options
- Precision control
- Air actuated shut off
- Associated valves and piping

Custom Piping Assemblies

- Lances
- Down pipes
- Spray bars
- Injection quills
- Manifolds
- Rise and header pipe assemblies

SPG are exclusive suppliers of:

Uni-Spray
Systems Inc.
Gatewood

Spray Accessories

- Fluid regulator valves
- Air regulators
- Strainers
- Nozzle holders
- Solenoid valves
- Nozzle adaptors

SPG are exclusive suppliers of:

BETE[®]
Dasic
group

Welcome to SNP

The Spray Nozzle People (SNP) have many decades combined experience of providing spray nozzle and tank cleaning solutions to industry.

Our customers include the largest engineering, food processing, chemical and petrochemical companies in the world as well as a vast array of small and medium sized enterprises (SMEs).

We have over 40,000 nozzles in our range and aim to make the selection process as simple and hassle-free as possible. We offer in-depth technical and application support, ensuring you always have the correct nozzle to meet your specific needs. Typical areas we can advise on include: achieving the optimum drop size for your application, spray coverage flow rates, how different fluids affect spray characteristics and how gas flows will affect spray patterns.

SNP can help at any stage of your project. We are as skilled in advising design engineers on nozzles and nozzle systems at the beginning of projects as we are recommending and supplying replacement products that may be needed in a hurry. We can also provide innovative custom solutions, including using non-standard materials. SNP holds ISO 9001: 2015 certification.

We pride ourselves on our helpful, expert and friendly customer service, our competitive prices and speedy delivery. Please contact us with any spray nozzle requirement you may have.

KEY INDUSTRIES & APPLICATIONS

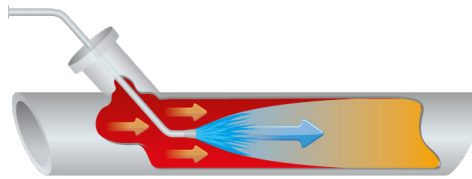

Food processing

- Cleaning
- Tank cleaning (CIP)
- Moistening
- Cooling
- Spray drying
- Coating

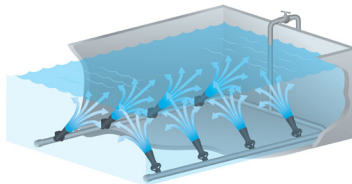

Oil and gas

- Injecting additives
- Fire protection systems
- Fire/explosion prevention
- Cooling systems
- Gas scrubbing/pollution control

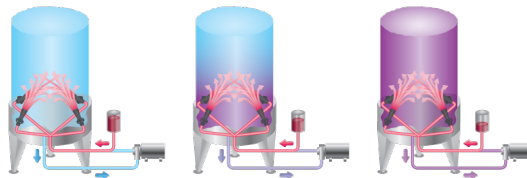

Surface finishing

- Pre-treatment spray nozzles
- Fluid agitation (eductors)
- Quick-release couplers
- Saddle adaptors
- Complete spray risers

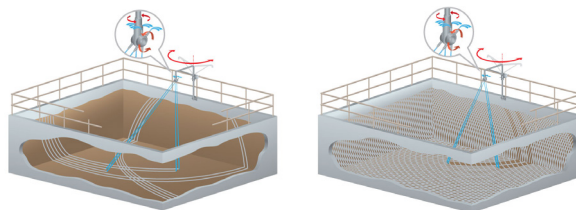

Chemicals

- Tank washing (CIP)
- Gas conditioning
- Gas scrubbing
- Spray injection
- Dust suppression
- Coating

Water utilities

- Storm tank cleaning
- Screen cleaning
- Filter cleaning
- Odour control
- Foam control

Who are we?

SNP is part of The Spray People Group (SPG) which was founded in 2013 to bring under one umbrella our specialist business units. SPG has more than four decades combined experience of providing a range of nozzle and other niche products and solutions to industry.

Our headquarters are in the UK but we work with customers all over the world. As well as distributing market-leading products, our service across all our group companies is underpinned by in-depth technical and application support, ensuring our clients always have the correct solution for their individual needs.

To find out more about us and the other SPG group companies, please visit our website at:
